

DMX LED Underwater Light

DMX underwater light for wimming pool, fountain and so on

V2.1

Feature:

Certificates:

Feature:

Dimension: diameter 160mm and 180mm

Housing: Die-casting Aluminum

DMX address can be set manual or auto-addressing customized

Superior waterproof performance IP68

DC24V

Standard DMX512 control

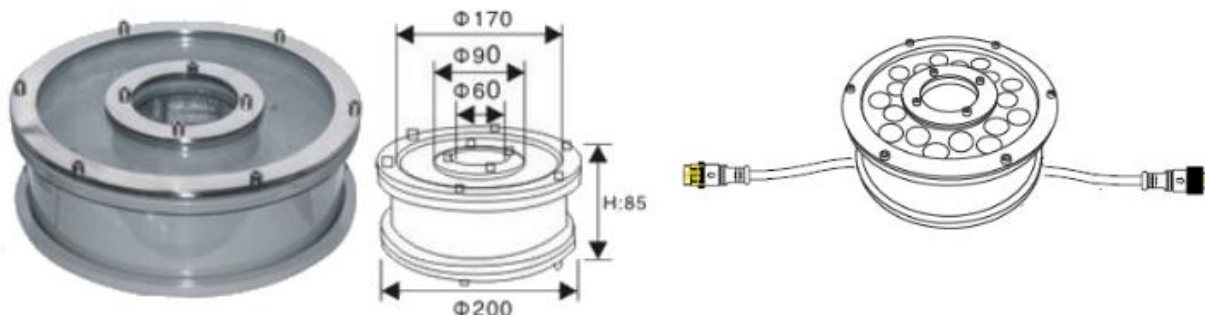

Fast get through input/output signal

Application: Swimming pool, fountain, etc.

Product size and Parameters

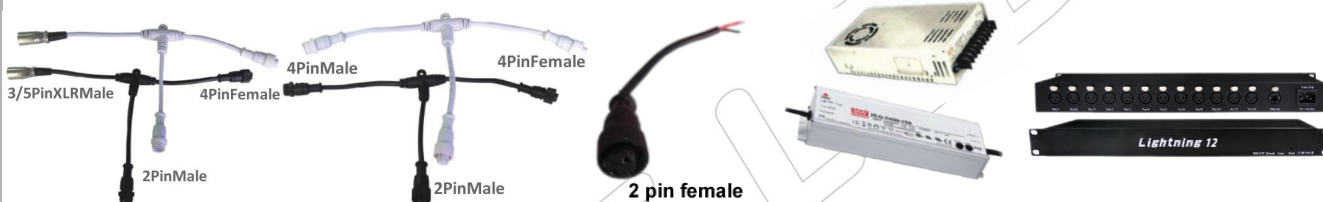

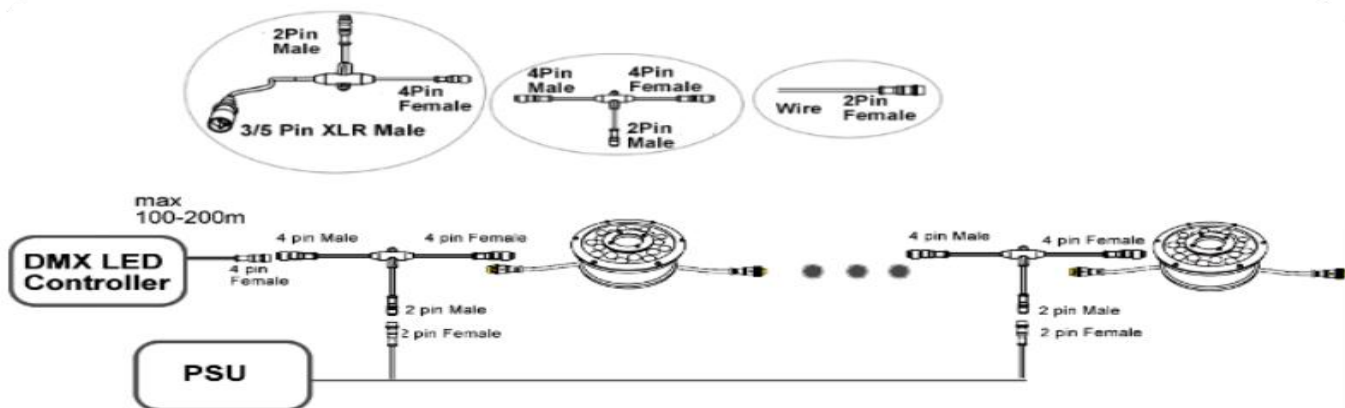

Unit:mm

PRODUCT SPECIFICATION

Model NO.	LED-UW148DMX1201	LED-UW180DMX1801
Material	Die-casting Aluminum	
Size	160mm*93mm	180mm*93mm
Max Power	12W	18W
Working Voltage	DC24V	DC24V
LED type and QTY	12 pcs SMD RGB 5050	18 pcs SMD RGB 5050
Color	RGB full color	RGB full color
Beam Angle	8, 16, 25, 30, 45, 60	
Address setting	Automatically/Maually	
Control Protocol	DMX512	
Lifespan	50,000 hours, based on test data of LED manufacturer	
Protection	IP68	
Temperature	-20°C to 50°C operating temperature	
Temperature	-40°C to 80°C storage temperature	
Weight	2.6kg/pcs	3.1kg/pcs
Packing	170*170*100mm(1pcs)	190*190*100mm(1pcs)
Tip	Can not be used in the water which have a very strong corroding effect on metals or seawater	

Remark: Specifications are subject to change without notice.
